

iLan Epstein

(513) 696-9653 | iLan@mentalfabrications.com

Summary

I thrive in creative problem solving. Experienced with all stages of the development lifecycle for dynamic web projects. Well-versed in Typescript, React, NodeJS, Python, and numerous other frameworks and libraries. Strong background in management, leadership, design systems, and collaboration. Always striving to be continuously learning.

Experience

Co-founder **2021-present**
Radius **Seattle, WA (remote)**

- Architected and built the front-end of the radius.pro website
- Refactored the entirety of our back-end codebase to ensure we could deliver new features in a timely manner
- Plan & facilitate brainstorming sessions for new product features

Lead Software Engineer (Shared Widgets team) **2020-2022**
Tableau/Salesforce **Seattle, WA (remote)**

- Create and maintain UI component library and its accompanying documentation used by over 150 internal teams
- Ensure components match design fidelity and are WCAG 2.0 compliant

Senior Software Engineer (Filters team) **2017-2020**
Tableau **Seattle, WA**

- Won 1st place in a company-wide hackathon for a new product idea
- Mentoring junior developers and intern(s)

Associate Technology Director **2016-2017**
frog **Seattle, WA**

- Responsible for gathering requirements, customer interviews, choosing which technologies fit best for projects, managing client expectations, and helping to guide other developers
- Architected the front-end of a talent marketplace app and guided 80+ person offshore dev and design team

Senior Design Technologist **2010-2016**
frog **Seattle, WA**

- As a Design Technologist, my role is to imagine, prototype, and deliver state-of-the-art UX across platforms and devices
- Built a fully interactive prototype of an automotive infotainment center which was installed in and communicated with vehicle data

Education

- BFA in Glass** **2005**
The Ohio State University **Columbus, OH**
- Graduated Magna Cum Laude with distinction
 - Maintained Dean's List status throughout enrollment
- AS in Industrial Design Technology** **2002**
Art Institute of Pittsburgh **Pittsburgh, PA**
- Received Dean's Award for academic achievement
 - Two sculptures chosen to represent AIP in the school showcase

Skills and Proficiencies

General - HTML, CSS, Typescript, NodeJS, JSON, Python, UX design, DLS
Frameworks - React, NextJS, Svelte, Flask, SQLAlchemy, Angular
CSS Preprocessors - SCSS, LESS, Stylus
